

Set 7 Test 2

Part 1

You should spend about 20 minutes on this task. Write at least 150 words.

The chart below illustrates the relationship between a country's annual per capita meat consumption and its per capita greenhouse gas emissions from agriculture, comparing data for eight nations in 2022.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Part 2

You should spend about 40 minutes on this task. Write at least 250 words.

Write about the following topic:

Most governments aim to achieve continuous economic growth. However, some people believe that this cannot be sustained because natural resources are limited and that continued growth can damage the environment and increase social inequality.

To what extent do you agree or disagree with this view?

Give reasons for your answer and include any relevant examples from your own knowledge or experience.
