

## Set 9 Test 2

### Part 1

You should spend about 20 minutes on this task. Write at least 150 words.

The chart below shows the projected changes in the percentage of the workforce employed in three broad sectors—agriculture, industry, and services—in a rapidly developing country from 2025 to 2040, based on two different economic growth scenarios.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

## Part 2

You should spend about 40 minutes on this task. Write at least 250 words.

Write about the following topic:

The concept of 'universal basic income' (UBI)—a regular, unconditional cash payment to all citizens—is gaining traction as a potential response to automation-induced job displacement and economic insecurity. Proponents argue it would provide a foundation for human dignity, encourage entrepreneurship, and simplify welfare systems. Opponents contend it is unaffordable, would discourage work, and could lead to inflation or reduced support for those most in need.

Discuss both views and give your own opinion.

Give reasons for your answer and include any relevant examples from your own knowledge or experience.
