

Set 12 Test 1

Part 1

You should spend about 20 minutes on this task. Write at least 150 words.

The charts below show the amount of electricity generated (in terawatt-hours) by different energy sources in Country X for the years 2000, 2010, and 2020, and the associated carbon intensity per unit of electricity produced.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Part 2

You should spend about 40 minutes on this task. Write at least 250 words.

Write about the following topic:

Artificial intelligence is now capable of creating original art, music, and literature. Some people see this as a positive development that enhances creativity, while others view it as a threat to human artists and the value of human-made art.

Discuss both views and give your own opinion.

Give reasons for your answer and include any relevant examples from your own knowledge or experience.

Want to compare your response?
