

Set 12 Test 3

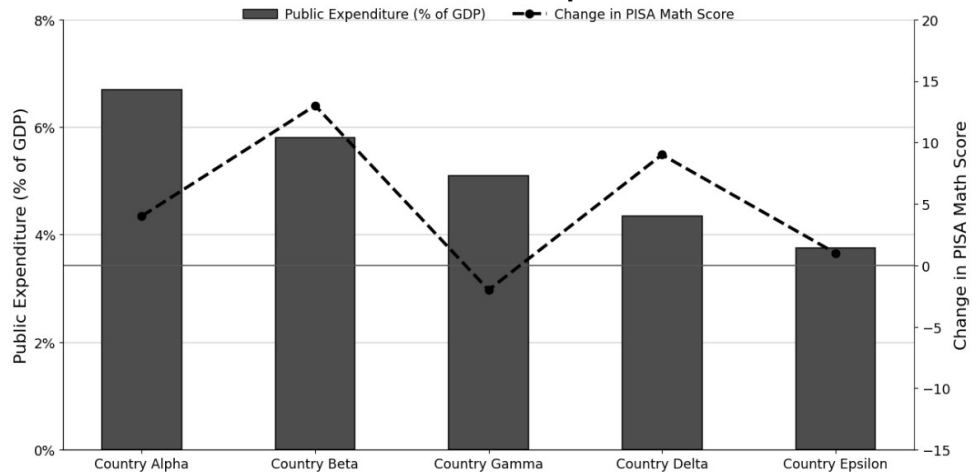

Part 1

You should spend about 20 minutes on this task. Write at least 150 words.

The bar chart and line graph below compare the total public expenditure on education (as a percentage of GDP) for five countries in 2022, and the change in their average PISA scores in mathematics over the period 2012 to 2022.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Educational Investment and Performance (2022 Expenditure & 2012-2022 Score Change)

Part 2

You should spend about 40 minutes on this task. Write at least 250 words.

Write about the following topic:

Some people believe that the most effective method to reduce the consumption of unhealthy food and drinks is to impose significantly higher taxes on them.

To what extent do you agree or disagree?

Give reasons for your answer and include any relevant examples from your own knowledge or experience.

Want to compare your response?
