

Set 13 Test 1

Part 1

You should spend about 20 minutes on this task. Write at least 150 words.

The diagram below illustrates the process by which a new medicine is developed, tested and approved for public use, followed by monitoring after it enters the market.

Summarise the information by selecting and reporting the main features.

Part 2

You should spend about 40 minutes on this task. Write at least 250 words.

Write about the following topic:

In many societies, the proportion of elderly people is increasing rapidly. Some people believe that the government should raise the legal retirement age to address the challenges this creates. Others think that alternative solutions, such as encouraging immigration or increasing taxes, should be considered instead.

Discuss both views and give your own opinion.

Give reasons for your answer and include any relevant examples from your own knowledge or experience.
