

Set 13 Test 2

Part 1

You should spend about 20 minutes on this task. Write at least 150 words.

The pie chart and line graph below show the electricity generation mix in a European country in 2023 and the change in the total share of electricity generated from renewable sources between 2010 and 2023.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Part 2

You should spend about 40 minutes on this task. Write at least 250 words.

Write about the following topic:

The widespread adoption of remote learning, accelerated by technology, is transforming education. Some believe it offers greater flexibility and access, while others argue it leads to reduced social interaction and unequal learning outcomes.

Do the advantages of remote learning outweigh the disadvantages?

Give reasons for your answer and include any relevant examples from your own knowledge or experience.

Want to compare your response?
