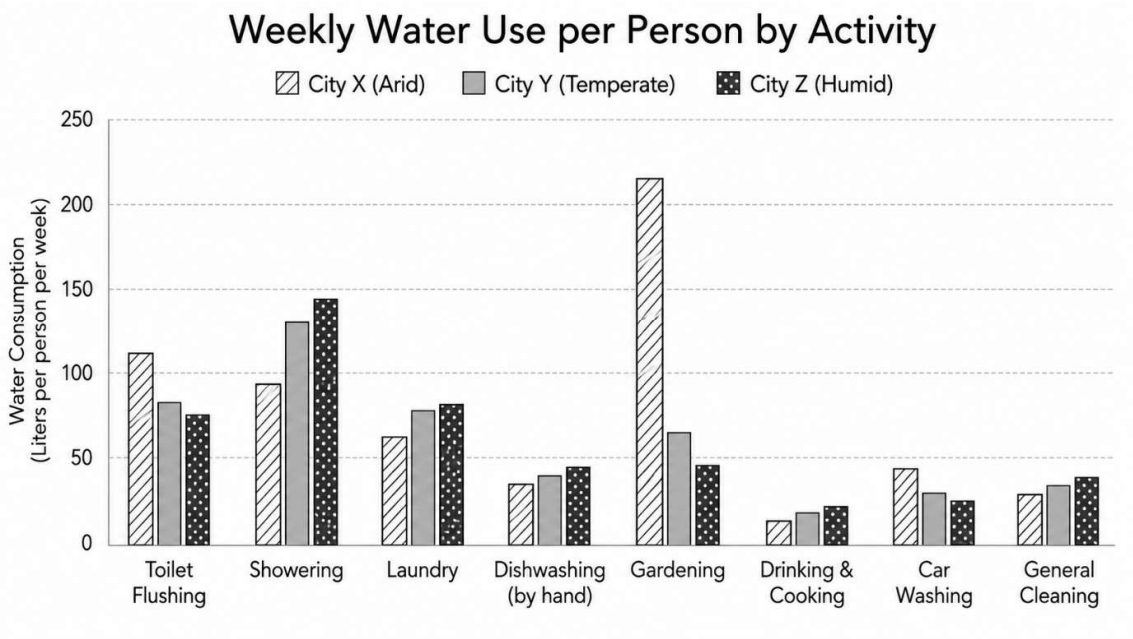
Set 13 Test 4

Part 1

You should spend about 20 minutes on this task. Write at least 150 words.

The chart below shows the comparative weekly water consumption (in liters per person) for eight common household activities across three cities with different climate conditions.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.



Part 2

You should spend about 40 minutes on this task. Write at least 250 words.

Write about the following topic:

Some people argue that social media platforms are the primary cause of increased political polarization and the spread of misinformation in society.

To what extent do you agree or disagree?

Give reasons for your answer and include any relevant examples from your own knowledge or experience.

Want to compare your response?
