

Set 19 Test 2

Part 1

You should spend about 20 minutes on this task. Write at least 150 words.

The pie chart and table below show primary energy consumption by source and the carbon dioxide emission intensity of each source in a country in 2022.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.

Part 2

You should spend about 40 minutes on this task. Write at least 250 words.

Write about the following topic:

Some people believe that manufacturers, rather than consumers, should be mainly responsible for reducing the environmental damage caused by everyday products.

To what extent do you agree or disagree?

Give reasons for your answer and include any relevant examples from your own knowledge or experience.

Want to compare your response?
