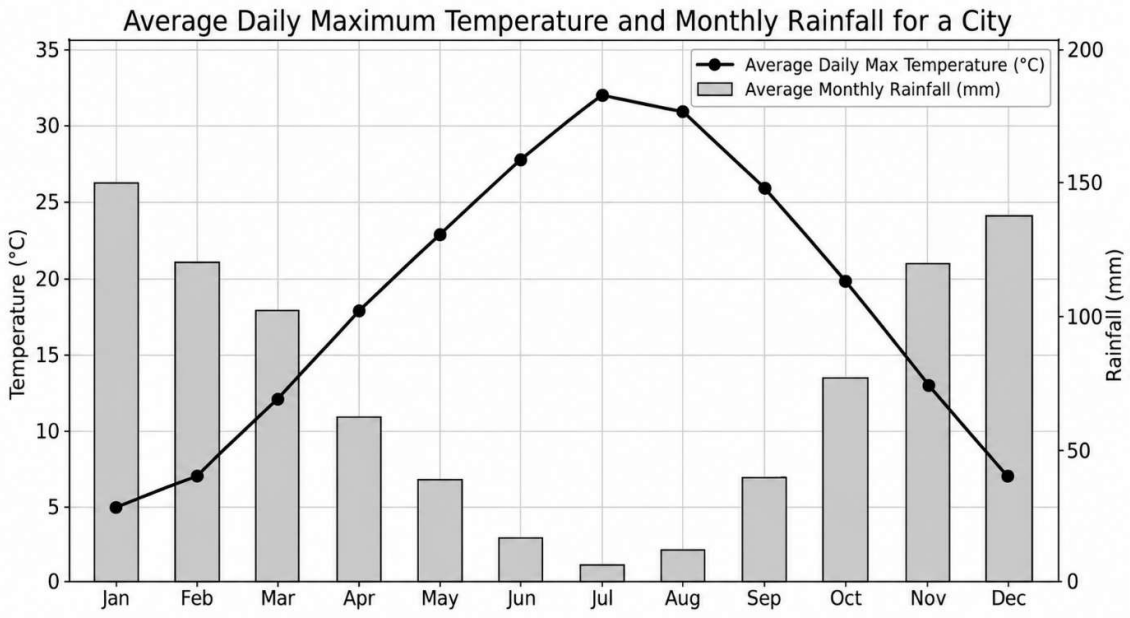
Set 20 Test 2

Part 1

You should spend about 20 minutes on this task. Write at least 150 words.

The graph below shows the changes in the average daily maximum temperature (in degrees Celsius) and the average monthly rainfall (in millimetres) for a city over the course of a year.

Summarise the information by selecting and reporting the main features, and make comparisons where relevant.



Part 2

You should spend about 40 minutes on this task. Write at least 250 words.

Write about the following topic:

In many tourist destinations, local residents feel that the costs of international tourism are greater than the benefits they receive.

Why does this happen, and what measures can be taken to ensure that local communities benefit more from tourism?

Give reasons for your answer and include any relevant examples from your own knowledge or experience.

Want to compare your response?
